CBSE Annual Co-Curricular Activities (2025-26)

1. Literary & Public Speaking Domains (Language Proficiency)

- **Elocution Competition (16-06-2025)**
Focused on voice modulation, public presence, and stage confidence. Students delivered structured narratives on socio-political changes, encouraging standard persuasive speaking skills and critical thinking.
- **News Reading Simulations (16-07-2025 & 17-07-2025)**
Two progressive modules designed to mimic real-world media broadcasting. Students were evaluated on pronunciation, breath control, formal posture, and parsing rolling text tickers under real-time constraints.
- **Senior Group Discussions (23-07-2025 & 31-07-2025)**
Conducted to cultivate democratic dialogue, active listening, and quick thinking. Students navigated multi-perspective contemporary themes under strict time limits, testing team maturity and consensus-building skills.
- **Hindi Pakhwada Showcase (12-09-2025)**
Organized at the District Level to fulfill national language compliance targets. It included interactive poetry composition, traditional debates, and creative writing to deepen appreciation for Indian languages.

2. National Campaigns & Civic Consciousness Compliance

- **Swachhta Pakhwada: Slogan Writing (19-09-2025)**
An artistic messaging event centered on zero-waste living and clean surroundings. Students engineered highly impactful, short-form taglines suitable for civic campaigns and community awareness posters.
- **Swachhta Pakhwada: Essay Writing (24-09-2025)**
A formal research-driven essay activity where senior minds laid out deep strategic frameworks for community hygiene metrics, waste management solutions, and clean energy futures.
- **Nasha Mukh Bharat Abhiyan Elocution (26-11-2025)**
A high-priority national advocacy drive highlighting substance abuse vulnerabilities. Students generated mass peer awareness on health security, emotional resilience, and making positive life choices.

3. Visual Arts, Crafts, & Cultural Heritage

- **Rangoli Competition (06-08-2025)**
An inter-house collaborative session integrating geometric calculations, symmetry, colour styling theory, and traditional folk aesthetics, promoting team unity and creative expression.
- **Ganpati Idol Making Workshop (25-08-2025)**
An eco-friendly initiative focused on traditional pottery craft. Students utilized sustainable riverbed clay to sculpt functional designs, highlighting the importance of celebrating festivals sustainably.
- **Kala Utsav Representative Platform (29-08-2025)**
Students competed in regional traditional art disciplines at the District Level, building artistic confidence, showcasing regional heritage, and providing external institutional representation.

- **Garba Competition (04-09-2025)**

A vibrant cultural performance celebrating rhythmic coordination, complex group choreography, and national heritage costumes, fostering team spirit and cultural pride.

4. Eco-Club Initiatives & Experiential Learning

- **World Environment Day Sapling Plantation (05-06-2025)**

To inaugurate the green calendar, students and staff participated in a campus-wide reforestation drive. Senior students planted native saplings, mapped out a seasonal watering schedule, and took a formal green pledge, driving home the message of biodiversity preservation and climate action.

- **Experiential Field Activity: Paddy Seed Sowing (19-07-2025)**

An immersive agricultural module conducted in a nearby community farm field. Students stepped directly into the mud to learn the traditional method of sowing paddy seeds. This hands-on activity bridged the gap between classroom geography and real-world farming, fostering empathy for agrarian communities and introducing basic concepts of sustainable crop production.

- **Paper Bag Making Drive (01-08-2025)**

An action-oriented project teaching waste recycling. Students repurposed old newspapers and biodegradable materials into heavy-duty utility bags, distributing them to local vendors to discourage single-use plastics.

- **Vegetable Garden Development (Term Activity - Date TBD)**

An outdoor agricultural project instructing students on organic seed sorting, soil health mapping, bio-composting, and urban farming basics, encouraging entrepreneurial skills in green tech.

5. Sports, Physical Grit, & Tactical Games

- **Indoor Tactical Games: Chess & Carrom (18-08-2025 & 19-08-2025)**

Intra-school championships designed to build executive logic. Chess tested deep tactical mapping and critical patience, while Carrom (Double/Mix) built focus, precision, and hand-eye coordination.

- **Kabaddi Championships - Boys & Girls (20-01-2026)**

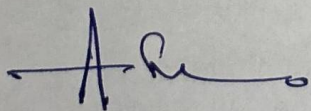

High-intensity physical fitness modules emphasizing lung-capacity training, core endurance, agility, and defensive team reflexes, encouraging true sportsmanship under pressure.

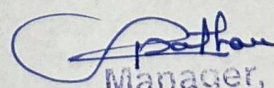

- **Volleyball Tournament (04-02-2026)**

Promoted professional athletic teamwork, spatial court defence mapping, heavy-impact serves, and seamless court rotation mechanics, building overall physical literacy.

Summary of Strategic Impact

- **Holistic Integration:** Balanced analytical reasoning (Chess, Debates) with spatial arts (Idol making, Rangoli) and outdoor life skills.
- **Board Compliance:** Met all statutory national framework agendas (*Swachhta Pakhwada, Nasha Mukh Bharat Abhiyan, and Environment Education guidelines*).
- **Physical & Environmental Literacy:** Combined traditional team sports with direct agricultural field experience, helping students build physical resilience and an eco-conscious mindset.
